

G T A A A C A

The image displays a stylized DNA sequence 'G T A A A C A' in a bold, sans-serif font. The letters are color-coded: 'G' is dark blue, 'T' is medium blue, the first 'A' is light green, the second 'A' is medium green, the third 'A' is light green, 'C' is teal, and the final 'A' is medium green. Each letter is positioned above a horizontal line representing a DNA strand. Below this line, there are decorative elements: a blue and green circular base for 'G', a blue rectangular base for 'T', blue and green circular bases for the 'A's, a blue and green circular base for 'C', and a blue and green circular base for the final 'A'. The background is plain white.
