

G T A A A C A

The image displays a stylized DNA sequence 'G T A A A C A' in a bold, sans-serif font. The letters are color-coded: 'G' is dark blue, 'T' is medium blue, the first three 'A's are light green, 'C' is teal, and the final 'A' is light green. Each letter is positioned above a horizontal line representing a DNA strand. Below this line, there are decorative elements: a blue vertical bar under 'G', a blue vertical bar under 'T', a blue vertical bar under the first 'A', a blue vertical bar under the second 'A', a blue vertical bar under the third 'A', a blue vertical bar under 'C', a blue vertical bar under the final 'A', and a blue vertical bar under the last 'A'. Additionally, there are horizontal lines and small blue and green shapes at the base of each letter, suggesting a molecular structure or a specific sequence motif.
