

GGGGA

The image features a stylized logo on a white background. On the left, there is a vertical stack of horizontal lines representing a DNA double helix, with colors transitioning from blue at the top to green at the bottom. To the right of the DNA helix, the letters 'G', 'G', 'G', 'G', and 'A' are arranged in a row. The four 'G's are dark blue and have a thick, rounded, sans-serif font. The 'A' is light green and has a similar font style. Below each letter is a horizontal line: a blue line under the first 'G', a green line under the 'A', and a blue line under the second 'G'. The 'G' and 'A' are positioned slightly higher than the other 'G's.
