

T G A T G G

The image displays a stylized DNA sequence logo. The letters are arranged in a single row. The first five letters are 'T', 'G', 'A', 'T', and 'G'. The 'T' and 'G' letters are dark blue, while the 'A' is light green. The 'T' and 'G' letters are significantly taller than the 'A'. The sixth letter is a smaller 'G', which is dark blue and sits on a small green base with a blue shadow. The overall design is clean and modern, using a limited color palette of blue and green.
